JSC "Myskhako" is one of the leading wineries in Russia. It is located in the south of the country at the foot of the Koldun Mountain on the coast of the Black Sea. The abundance of heat and sunlight in this area encourages the growth of grape of the highest quality and production of natural wines, which are known throughout the world.

The first mention about the fact that grape had been cultivated in this area dates back to the 5th century BC. During the archaeological excavation in Myskhako area there were found grape pips of different types and forms, amphorae, pithoi, cups of wine. At the end of the 19th century, local landowner M. F. Penchul took over the baton of winemaking. He planted the first grapevine in the village of Myskhako in 1869. Since that time Myskhako have been producing wonderful wine for almost 140 years. About 120 years ago the wine "Myskhako" received the first gold medal at the tasting competition. By the early 20th century wine "Myskhako" had already got the glory of the best wine in Russia.

Historical heritage had always been appreciated in Myskhako winery. Nowadays the specialists of Myskhako wine factory are permanently monitoring and implementing the best modern technology of natural wine production. Top quality products win medals in the world's most prestigious tasting competitions such as "The International Wine and Spirit Competition" and ensure high demand among consumers. Special attention is given to the official status of Myskhako as a "Supplier for the Kremlin." Since 2005, the wines produced by Myskhako winery are served during solemn events of the Presidential Administration of the Russian Federation. Since 2010 JSC "Myskhako" have been included in the register of "bona fide suppliers", which is a guarantee of the ability of agricultural firms to perform their contractual obligations faithfully.

All the wines released by our winery realize standarts of environmentally friendly products. The history of Myskhako's viticulture and wine production have passed a long way for more than 140 years and brought up the real masters of viticulture and winemaking.

  Myskhako Grand Reserve wines are the wines of the highest quality, the most striking epitome of the terroir Myskhako, revealing the full range of varietal characteristics classic compo of Cabernet Sauvignon, Merlot and Chardonnay. For Grand Reserve wines specialists of Myskhako left for maturation on the vines only the best bunches. The wines are aged in French barriques. Annually "JSC Myskhako" produced maximum 10,000 bottles each denomination

  Geographical denomination "Cuvée Wine" is a new blended wines. Wines of the geographical name Cuvée Myskhako are the new blends which have embodied daring ideas of the most talented wine makers of Myskhako.

  Wines of geographical denomination of Reserve are manufactured from the best European grape varieties and varieties which were grown in Myskhako for over a century. Reserve wines are made according to the traditional technologies and are the hallmark of the plant. These wines get only the highest awards on the international tasting competition and have got deserved love of the buyers.

  Semi-sweet wines of Myskhako are a unique phenomenon on the wine market. Natural sweetness is obtained exclusively by stopping the fermentation of grape juice
