BELL TREE

Villa Victoria wines are prepared from the grapes grown in a unique natural reserve-Semigorye Valley on the border of Novorossiysk and Anapa areas east of Black sea. These wines have their own unique charm, individuality, which leaves no doubt about the authenticity of noble origin. The calcareous soil in combination with a mild continental climat of Black Sea region have given a rare wine wine additional tone rifle stone. Our mission is to produce premium wines with minimal intervention, to allow the wine to express the local terroir

All the wines released by our winery realise standarts of environmentally freindly products.
